**NOTE: The USDA's release dates of the monthly Cold Storage reports and bi-annual Cattle Inventory reports have not yet been published. Early release times for certain livestock reports (potentially on days prior to holidays) are not yet able to be confirmed either. We will update this calendar and re-post it on Market Insights when these report dates/times become available.**

\* Good Friday falls on April 2, 2021 coinciding with the release of the monthly non-farm payroll report. Accordingly, CME currently reflects April 2 as an official trading day, but it is uncertain if this applies to all markets or only financials at this time.

**USDA major grain reports (Crop Production, WASDE, Grain Stocks, Acreage) are released at 11:00 AM CT. Oilseeds/Grain Crushings, Livestock and Cold Storage reports are released at 2:00 PM CT.**
